

Waterloo Engineering Students North American Leaders in Challenge X

www.eng.uwaterloo.ca

CONGRATULATIONS – to the UW Alternative Fuels Team – First Place winners in year one of the Challenge X Competition! The team outscored 16 U.S. schools with its fuel-cell-powered vehicle design.

CHALLENGE X – teams compete over three years to re-engineer a GM Equinox to use “greener” and more sustainable automotive technologies.

CHALLENGE X SPONSORS: General Motors Corporation and the US Department of Energy

WATERLOO'S TEAM SPONSORS: Natural Resources Canada and Hydrogenics Corporation
